

CHECK COLLECTION BY RESERVE BANK

Members May Join at Will
—No Exchange Charge
Is Planned.

The Federal Reserve Bank of this district has arranged and expects to start shortly after May 15 a system of intradistrict collection of checks for those of its 480 members that elect to avail themselves of it. Under the plan in effect, the new plan will enable banks within the district that have joined the collection system to place their customers in possession of funds in another city or town within the district without charge for transfer or collection.

In arranging to start the new plan the Federal Reserve Bank has kept the New York Clearing House Association acquainted with its discussions and the Clearing House is preparing to broaden the scope of its par collections within this district so as to work in co-operation.

**MONATON COUNSEL LOSES
No Mistrial, Says Court Ruling
on Woman's Statement.**

Frost Baldwin, attorney for Pierre M. Looker, who is on trial in the Federal Court on a charge of using the mails fraudulently in the promotion of the stock sale of the Monatton Realty Company, sought to have the case dismissed yesterday as a mistrial.

Baldwin asserted that an interview with a witness who had not yet testified, Mrs. E. M. Crisp, was published, and that the proceedings should be discontinued on that ground. Judge Cashman denied the motion, but permitted the use of the newspaper to be admitted as evidence.

The Rev. Charles E. Nash, vice-president of the company, admitted that he had sold a large quantity of the concern's stock, but insisted that he had never investigated the books to see if it was paying dividends.

Miss Elizabeth Dawson, the matron of a woman's college in Argentine, testified that she had made two attempts to recover from Looker her life's savings, which were invested in his company, without success. Several others who had lost savings through the concern also testified.
